

January 13, 2012

Below are anticipated construction activities for the week of 1/16/2012.

****While this list encompasses numerous construction projects, it does not list all DPW projects throughout the county. The most recent work is highlighted. Also, weekend work is possible on all projects. We ask for motorists' patience and caution while driving through construction sites. All work is weather dependent.**

CENTER TOWNSHIP

Crews will be working on traffic signals and related equipment on 16th Street from Dr. Andrew J Brown Avenue to Roosevelt Avenue, and on Dr. Andrew J Brown Avenue from 16th Street to 30th Street.

Streetscape improvements on Indiana Avenue from 10th Street to 16th Street have been suspended until Spring.

Restrictions may be in place within the area bounded by Pogues Run Trail to the west, I-70 to the north, Bolton Avenue to the east, and 21st Street to the south while drainage improvements are underway. This project also extends into Warren Township.

Monument Circle and Market Street minor spot brick repair will be ongoing until January 20.

Indianapolis Cultural Trail: A Legacy of Gene & Marilyn Glick

The pedestrian lighting and paver work under the Conseco garage on Virginia Avenue will not be complete for the Super Bowl. The traffic restriction will be in place until January 20 at which time it will be removed and the second lane opened. The following week, this lane will be restricted for two 2- to 3-hours periods and open all other times. The sidewalk in this same area will continue to be closed through January 26, and it will reopen on January 27 thru the Super Bowl. The traffic taper on Virginia Avenue over I-65 for southbound traffic will be in place over the winter months.

On the Central Corridor (Washington Street), IPL will start placing street lights on the north side of Washington Street from Alabama Street to Capitol Avenue starting Saturday, January 14. The contractor on the trail will be removing the temporary pedestals that many of the police parking signs, bus stop signs, etc., are on starting Friday, January 13, in preparation for IPL to place their street light poles the following day. We will place the signs back on the IPL street light poles the first of next week. Some minor items will also be completed next week, as well.

Georgia Street

Georgia Street is now open to vehicular traffic and improved pedestrian access. We have finished the concrete placement around the valves and castings, and next week, the contractor will install the last of the bollards (8 of them). This should not require the closing of any lanes, but access could be a little tight. The Super Bowl Committee "takes over" Georgia Street on

January 19 so they can transform Georgia Street into the Super Bowl Village! Please visit the project web page at <http://www.indy.gov/georgiastreet> for additional information.

PIKE TOWNSHIP

Replacement of the bridge deck and railing on the 56th Street bridge over Eagle Creek is underway. All lanes have been reopened and will remain open until March 1, 2012.

Restrictions may be in place as construction of a pedestrian trail on Michigan Road from Kessler Boulevard to 75th Street is underway. This project also extends into Washington Township.

WASHINGTON TOWNSHIP

Restrictions may occur as resurfacing and other related work is underway on 58th Street from King Street to Michigan Road.

Restrictions may be in place as construction of a pedestrian trail on Michigan Road from Kessler Boulevard to 75th Street is underway. This project also extends into Pike Township.

Lane restrictions are in place on Meridian Street over the White River and Riverview Drive (from 62nd Street to Wellington Road) for bridge rehabilitation.

Restrictions may be in place on 46th Street from Keystone Avenue to Emerson Avenue as pavement markings are installed.

Restrictions may be in place on 59th Street from the dead end to Michigan Road while restoration is underway following drainage improvements.

WARREN TOWNSHIP

Restrictions may be in place within the area bounded by Pogues Run Trail to the west, I-70 to the north, Bolton Avenue to the east, and 21st Street to the south while drainage improvements are underway. This project also extends into Center Township.

DECATUR TOWNSHIP

Restrictions may be in place on Brushwood Road from Mills Road to Trotter Road as drainage improvements are underway.
